

# CAMPING IS MY PASSION, WHICH IS WHY...

... I plan my trip before leaving and find out about the route and general condition of the roads.

---

... during peak holiday season, I always reserve my camping pitch in good time. I don't just turn up.

---

... I only stay at official camp sites or motorhome stopovers.

---

... I pay attention to the official opening times of the reception desk and arrive at the specified time. I will find out from my hosts whether an early/late arrival is possible.

---

... I always observe the house rules for the camp site, and I am considerate of other campers' personal space.

---

... I respect the curfew after 10 p.m.

---

... I keep my surroundings and common spaces tidy and clean.

---

... I don't leave my child(ren) unattended on the camp site.

... I keep my dog(s) on the lead.

---

... before I light a fire, I first ask permission or keep to the official fire places.

---

... before departing, I make sure my pitch is tidy and clean. I don't leave any litter or camping equipment behind.

---

... I don't drive on a camp site simply to dispose of wastewater or rubbish.

---

... I don't dispose of greywater, toilet chemicals or rubbish in the countryside. I only use the proper waste and recycling facilities intended for that purpose.

---

... I only use the car parks at excursion destinations for the duration of my visit.

---

... I behave in a respectful manner during trips to the countryside and I leave nothing behind apart from my footprints.
